

PRESS RELEASE

EMISEI – EMPOWERING MIGRANTS IMPROVING SOCIAL EUROPEAN INCLUSION – Final Conference

European Parliament, Brussels
25 September 2018

Rome, 27th of August 2018 – [TIA Formazione](#) organizes the **final conference of the EMISEI Project – EMPOWERING MIGRANTS IMPROVING SOCIAL EUROPEAN INCLUSION**. The conference will be held at the European Parliament in Brussels, Room ASP3H1, on **Tuesday 25th of September 2018** from 17:10 to 18:15.

Migration is becoming a central issue in Europe, both in political, cultural and economic terms. The EU's external borders have increasingly been the scene of human tragedies to which the EU and its Member States must take action immediately. Migration is an issue that involves not only EU Member States but also non-EU countries of transit and origin of migrants. This is the reason why the EU has elaborated the new [European Agenda on Migration](#) that aims to provide its Member States with tools to better manage migration in all its aspects in the medium and long term.

TIA Formazione, in line with its *mission*, carries out training and project activities aimed at spreading knowledge of migration issues and cooperates with European organizations active in this field.

[EMISEI Project](#), funded under the ERASMUS PLUS Programme of the European Union, KA-1 EDA, Learning mobility of individuals, mobility of learners and staff, aims at training educational staff on the social inclusion of migrants and refugees. **The project envisages the implementation of four mobilities, each one in a different EU country (UK, Germany, Belgium, and Sweden). The purpose of the project is to develop new digital skills for teachers working with migrants and refugees and to encourage the exchange of best practices in Europe.**

The final conference will present the Project's results, and it will address some key aspects of migration, social inclusion and integration of migrants in the labour market.

The conference will be hosted by the Member of the European Parliament **Brando Benifei (S&D)**. **Justyna Glodowska-Wernert**, DG Home, European Commission, will take part in the roundtable. **Margherita Momigliano** (TIA Formazione) will introduce the main results of the EMISEI Project. **Kris De Nys**, responsible for Cvo Lethas (project hosting organization) will present the Flemish integration process in Belgium. **Andrea Maresi**, journalist and participant to the project, will take part in the conference. Closing remarks and presentation of new projects by **Ines Caloisi**, director EU Projects at TIA Formazione.

To register, please send an email specifying your name and surname to tiaformazione@gmail.com by **18 September 2018**. It is also possible to register on [Eventbrite](#). Participation is free of charge.

For further details, check the [Agenda](#) of the conference, attached to this email.

TIA-ORG is a container of various activities in the field of European design, consultancy and training. With **TIA Formazione** it has been operating since 2011 in European projects and training. It participates and coordinates ERASMUS+ projects, both in VET, youth and adult education.

TIA Formazione cooperates with European organizations and it is a member of transnational networks. From 2017 TIA is developing the VET network to support school-work alternation projects and work-based learning. It connects students with companies and teachers for job shadowing experiences in Italy. It develops targeted training projects in European planning themes or aimed at acquiring skills to be spent in the labour market, strengthening soft skills or through job market orientation projects. With its staff of consultants, TIA provides support in writing European and regional projects, especially the ones published in Regions such as Puglia, Lazio and Sardinia. Sites in Rome, Bosa, Brussels.
